YOU ARE A DESCENDANT OF KINGS!

Olive Turley has sent pedigree charts showing Isaac Turley tying back to two of the sons of King Edward III of England (b. 1312). Another line (not shown here) goes back to a third son, Lionel. A book by Goldwin Smith, England, A Short History (p. 86, 105) was used as the source to carry the line past Edward III to William the Conqueror who invaded England in 1066.

The five pedigree charts, only briefly reproduced here, may be obtained by sending your address and 80¢: the cost for xeroxing, a manilla envelope, and the postage. To:

# GENEALOGY REPORT FOR 1976

The total number of names we have had cleared during 1976 is 409. No names have been cleared since June 1976. Some of these names we were able to have placed in the Family File and sent to the Arizona Temple where the work was performed for them. We appreciate the help of family members in doing this ordinance work. A few sheets were sent in for clearing Dec. 27th and there were a few more names in this group that could be placed in the Family File. We expect to hear from them soon.

I feel that we have made good headway in extending the pedigree of Ann Bolton, wife of Joseph Kimberley, during the past two years. However, much of the material we have found cannot be found in the parish registers but rather in Visitations, monumental inscriptions, etc. The Genealogical Society is working on a system for having names cleared from such sources but is not ready with this program as yet. We will gather all material we can and be ready to submit the names when the permission is given and the program given to us. In the meantime, we are finding a few names in the parish registers and in wills which we can submit.

I found in the MCC (microfilmed card catalog) films of pedigrees in the Birmingham area by W.B. Bickley which helps very much with the Littleton and Babington lines. These pedigrees take the Devereux line back to King Edward III through 3 of his legitimate sons. (Margaret Devereux, the daughter of Sir William Devereux, married Sir Edward Littleton and their daughter, Elinora, married William Babington.)

Monita Turley Robison has been to the library in Salt Lake City many times and found much material to help with this pedigree. Recently I have read an index of wills from the Perogative Court of Canterbury 1609-1630 and found some wills listed which I feel are on the pedigree. I have ordered two films and I am very anxious to read these wills.

I have some names on sheets now and others I hope to find time to get on sheets soon to send in. A few of these names can be saved in the Family File. Recently I sent $3 to the County Record Office in Leicester asking about the Babington family before 1600 at Cossington and this office sent me xerox copies of all Babington entries for this parish for that period, plus a list of researchers and RETURNED $2, saying they did not charge for their work and $1 covered the xerox copies and postage. This material gave us 3 sisters of the ancestor, Zachary Babington, the father of William who married Elinora Littleton. I still feel the thrill of receiving this material.

We appreciate the backing of the Turley family in this work very much.

Perhaps I should add that Floyd and I have read a film for Heptonstall, Yorks. for 1787 to 1812 and checked the Greenwood and Utley names found against the CFI. We have sent in 200 sheets or 600 names from this one film and hope some of them will be cleared. William Greenwood and Sarah Utley lived in this parish and christenings for 3 of their children were found in this record.

**Our Theodore Turley Family Organization's president writes to all the members of the Theodore Turley family:**

**I feel sorry that I have been unable to do more with the family organization. Because of financial reverses and having to move back to California to re-establish my business, I feel that I am out of touch and hope that we can soon get a new organization going. I am aware of the real importance of an active family organization. We are constantly encouraged by our church authorities to organize our family groups as to the various generations. I feel that this will continue to be of great importance to all of us. We do have a good family that we need to be proud of, and I hope that among our younger generation we will fidd the leadership that will be able to carry on a more effective organization that we have in the past. I think we all need to be grateful to Lawrence and his wife for their efforts in putting out the newsletter and holding the family together as well as it has been. I feel that there is no room for any adverse feelings in the family, and that we should all have the true spirit of our Heavenly Father which is to build and strengthen the family organization. It is only on this principle that we can grow and fulfill the responsibilities that are ours.**

**I wish all of you the very best of everything.**

**Sincerely yours,**
